Subject: FW: HEADS UP FW: Contract template / letter of agreement for acquisition of City of Edmonton assets - Coutts Blockade

Hi Christine and Marilyn,

Sending this to you just in case you or the CFO were wondering how the Coutts protest / blockade was being handled on our end. In summary, Edmonton City Police is providing us with their heavy hauler tow truck via MOU. Many of the tow truck companies we were trying to use were receiving death threats so they have bailed on providing service.

We continue to work closely with the Division to facilitate all that we can to make sure everything goes as smoothly and quickly as possible.

Awesome work Tania!

D

Hi Darin,

FYI – In case you get a call....

As outlined below – Edmonton Police Service (EPS) is willing to lend the RCMP their heavy hauler (big tow truck) to assist with the situation at the Coutts border.

- EPS needs a document within 2 hours
- Rita is not available (MOU Coordinator)

- Based on information provided by the Cpl, the best fit would be an MOU. I.e. no payment to EPS.
- Template shared with the Cpl, heads up provided to Rita.
- Worst case scenario a revised MOU can be sent out after the urgency has passed to ensure the documentation is above board/ accurate.

Thanks!

Importance: High

Hi Mike,

Further to our conversation, my recommendation is to treat this like a Memorandum of Understanding (MOU). Attached is the template.

Recommend to keep it simple and include the following:

- Refer to the situation, case number anything that refers to this major event
- Outline what has been agreed to and which party is responsible
- etc

Let you know if you have any questions. Worst case scenario I can draft it with you on the phone/ MSTEAMS.

Hi Mike,

Tania Sentes or Cindy Glover are the divisional contacts for a services contract- please reach out to one of them for assistance.

Take care,

Ed

Subject: Contract template / letter of agreement for aquisition of City of Edmonton assets

Sir,

As I mentioned I am seeking a contract or letter of agreement to acquire the heavy hauler from the City of Edmonton. They would like to have this up to their city manager by days end and a response for us by tomorrow.
